BSM003 AFRODROPS - NICE CREAM EP

Monday, 29 January 2007

BSM003 Afrodrops - Nice Cream EP just released from Blacksoul Music

Soul, groove and depth. These are the touchstones of Afrodrops music, and one has only to listen... to irresistibly move... to be transported. With mutual backgrounds of spinning funk, jazzy hip hop and breaks and the fervent belief that variety and novelty are essential to music as a whole, DJ/Producers Pat Heart and Slim Buddah bring remarkable intuition to *Nice Cream*. Including a hard-hitting, persuasive remix by Demarkus Lewis, these fine-tuned tracks make for a smooth, playful and downright delectable mix.

From impeccable, tight rhythms and cool tech house to dirtier grooves and fevered, resounding percussion swirling with subtle vocal stylings, the duo brings a thoroughly well-rounded sound. With all the artful, dynamic beats that the duo has packed into these five tracks, *Nice Cream* is sure to capture the listeners, the dreamers, the movers and the shakers and leave them all eminently satisfied.
